No. 868—*Ex.* 37, *dated* 20*th July* 1897.

Under Section 20 of the Excise Act XXII of 1881 as amended by Act VI of 1885 and introduced into Mysore by Regulation III of 1885, and in exercise of all other powers conferred by Section 55 of the said Act, the Government of Mysore are pleased to prescribe the following Rules for the issue, &c., of licenses under Section 5 of the said Act, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect throughout the Mysore Province from the 1st day of July 1897.

1. Tree-tapping licenses in the prescribed form shall be issued on the application—
   (*a*) of licensed toddy vend farmers ;
   (*b*) of licensed toddy shop-keepers in alienated villages or other localities in which toddy shops are sold by auction and licensed separataly ; and
   (*c*) of tree-owners in coffee estates, hittals and kans in the malnad for the number of trees fixed by the Excise Commissioner for the drawing of toddy required for *bonâ fide* domestic consumption, but not for sale.

The licenses may be issued in the name of the applicant himself or of his nominees.

2. Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him. They must bear a Court fee stamp of one anna.

3. Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent.

4. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

5. On receipt of an application the Supervisor will at once take steps for the marking of the trees by an officer superior in rank to an Examiner and for the timely issue of the license.

6. Deputy Commissioners may, subject to the orders of the Excise Commissioner, from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

7. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

8. For all toddy-yielding trees, tree-tapping licenses shall be annual.

9. During 1897-98, no tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	*Tree-tax for each tree per annum including local cess.*		
	Rs.	a.	p.
Date	1	1	0
Cocoanut..	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6

10. The Government reserve to themselves the right of imposing, in addition to tree-tax, a rent for every tree not belonging to private individuals tapped by a Mysore or British Farmer. Such rent shall be credited to the Department of Government or the District or Municipal Funds entitled thereto.

11. The licensees of vend farms will pay for 1897-98 the rent they have agreed to pay, the said rent being made up of—

(*a*) the tree-tax at the above rates for toddy-yielding trees tapped by them under licenses granted by the Supervisor concerned, for the supply required for *bonâ fide* consumption at their shops, whether such trees be in Government unoccupied or occupied land or in alienated land.

(*Note* :—No trees upon Government occupied land can be tapped without arrangement by the farmers with the owner. The present arrangements as regards trees on alienated land will hold good, subject of course to the levy by Government of trees-tax)

(*b*) and shop rental being the difference, if any, between the farm rent and the tree-tax for the year.

12. No tree-tax will be charged for the trees tapped or caused to be tapped by coffee planters and proprietors of "hittals" and kans in the *Malnad*, in their patta lands, for the drawing of toddy for their *bonâ fide* domestic consumption, but not for sale. Such toddy may be utilized to make bread only for the use of the members of their family, or for their consumption, but not for sale or for the use of their servants, laborers or other employés.

13. Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government, and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the Taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government rules.

(2) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore territory, will pay into the Thasildar's Treasury concerned, in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar, after satisfying himself that the applicant is a person who is entitled to take out a tree tapping license, will grant a receipt with this fact certified at the foot.

(3) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must however be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the two, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(4) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(5) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

14. In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted.—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a general transport permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

15. Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any officer duly empowered by it in this behalf.

16. Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

17. Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory shall observe the following rules in tapping date trees :—

(1) Trees tapped one year shall not be tapped the next year.

(2) Trees shall not be overtapped or overworked.

(3) In no date tree shall the initial incision be made at any point less than five feet from the ground except in places where the trees are stunted in growth, in which case an exception may be made by the Deputy Commissioner, the age of the trees being taken into consideration after due enquiry.

(4) No date tree shall be cut to a greater depth than one-third of its diameter.

(5) Every fresh incision shall not be less than one foot above the last incision, except in localities where the trees are stunted in growth, in which case an exception may be made by the Deputy Commissioner.

(6) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.
